Notes - Apply to Water and Sewer

- 1- Restaurants and other food establishments will be required to install appropriate and approved grease traps and are designated as High Volume (HV) users. In addition each will be assessed \$50.00 per seat and \$20.00 per bar seat for sewer.
- 2- 3/4 inch LV (low volume) - Demand of 10 gpm or less.
- 3- 3/4 inch (HV) (high volume) - Demand of greater than 10 gpm.
- 4- Hotels, motels and other multi-occupancies will be charged a single residency fee per unit for sewer irregardless of water meter size.
- 5- Developers are required to install both water and sewer taps. They will be charged 1/2 of the connection fee for water and 1/2 the capacity fee for sewer per tap or lot.
- 6- Tap fee is the minimum of listed or cost plus whichever is greater.
- 7- All tap, meter, connection and capacity fees must be paid prior to installation.
